SOLANO  
COUNTY  
LIBRARY

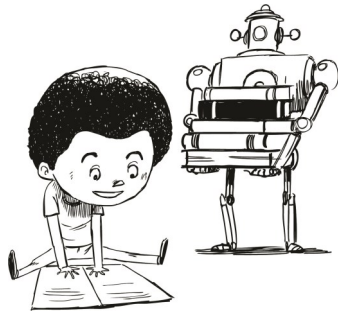

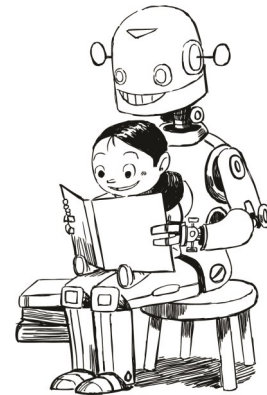

## **Every day encourage early literacy play.**

**You can help your child learn the important pre-reading skills needed to learn how to read.**

# **FIZZ BOOM READ**

## **It's never too early to start loving and sharing books together.**

Reading aloud with your child is fun! It's also the most important activity needed for success in independent reading.

## **Storytimes, books and so much more!**

Take advantage of free library storytimes for babies, toddlers and preschoolers. Your child will explore a wide variety of music, books and great performances at the library.

## **And now presenting...**

Creative puppet play and acting out stories helps to build the vocabulary and narrative skills your child will need to be a strong reader. You can make puppets from socks or paper bags.

## **Explore your world and talk about it!**

Look for letters and print in your adventures. Name the things you see and talk about them. This builds print awareness, vocabulary, and narrative skills.

## **Tra-la-la!**

You prepare your child for reading success by singing, talking and reading together. Your child learns about rhythm and rhyme through songs and stories.

**Ask your librarian about more activities that you can do with your young child to encourage pre-reading skills.**
